

OHIOANS FOR FINANCIAL FREEDOM

Many Ohioans are working two jobs just to make ends meet. And the bad economy isn't making it easier with the price of gas, food and health care just going up and up. In an urgent situation some of your neighbors choose a responsible payday loan. It can help avoid a missed credit card payment or a bounced check that can affect their credit. Now, politicians in Columbus want to steal away the freedom to make your own financial choices. And at the same time throw another 6,000 Ohioans into the unemployment line. **Learn the facts about repealing Section 3 of H.B. 545. Vote No on H.B. 545 to protect Ohio jobs and financial freedom.**
